## **EDUCATION TECHNOLOGY USE POLICY**

### **BOARD POLICY:**

The primary purpose of the Guam Public School System's (GPSS) communication network is to support and enhance teaching and learning to prepare all students for success in lifelong learning.

All GPSS employees shall use the department's technology (network, telecommunications, video, hardware, and software) in a responsible efficient, ethical and legal manner in accordance with the vision of the department, local and federal, regulations, mandates, restrictions, GPSS Education Board Policies, etc. The use of the department's educational technology (not limited to Internet, telecommunications, hardware and software) is a privilege, which may be revoked for inappropriate behavior. Users are responsible for understanding the policy and guidelines as conditions for use. Educators and school members are accountable to teach and use technology responsibly. GPSS Personnel Rules and Regulations shall include established rules and regulations for all department employees. Use of the department/school technology that is inconsistent with this policy may result in the loss of access, legal action, and disciplinary action up to and including termination of employment.

Internet service shall be filtered and used in compliance with the Federal Child Protection Act.

The Superintendent shall establish rules and regulations in adherence to this policy and must be included in the GPSS Personnel Rules and Regulations. All schools and divisions must submit to the Superintendent an approved (school/worksit) Educational Technology Standards of Operations and Technology User Agreement (form) using the following guidelines:

#### **I. Acceptable Educational Technology Use Guideline**

- A. Teachers and other school support instructional staff will be trained and exposed on the appropriate use of the Internet, video, telecommunications and other educational technology with students, to monitor their use, and intervene if the resource is not being used appropriately.
- B. Computers on the GPSS Network shall be subject to random monitoring.
- C. All use of the Internet must be in support of educational and research objectives consistent with the mission and objectives of the GPSS.
