

# More Practice

Library Luke and his two friends Info and Fiction Finch are having a contest. On the practice work below, they each think that their column will have the most items circled. Do the practice and then list the winner here. \_\_\_\_\_

Front

Middle

Back

**EXAMPLE:**    **Entry Word**                      **Where to Look**  
                                  **Character**                      **Front    Middle    Back**

You should have circled the word **front** because **c** comes near the front of the alphabet, and therefore could be found at the front of the dictionary.

## Entry Words

## Where to Look

baker	Front	Middle	Back
camel	Front	Middle	Back
window	Front	Middle	Back
bastion	Front	Middle	Back
yule	Front	Middle	Back
