

# Which Section Is It In?

A dictionary is a big book with a lot of words in it. Where do you even start looking? First divide the dictionary up into three sections in your mind—the beginning, middle, and end. Now it doesn't seem so big.

➔ **Cut out the words below. Look at the first letter in each word. Decide where the word can be found in a dictionary. Glue it in the correct section.**

## Beginning

## Middle

## End
